

Botanic Gardens and State Herbarium of South Australia
School Holiday Program April 2019

Adelaide and Mount Lofty Botanic Garden's stacked school holiday program is back, with holiday activities suitable for 5-13 year olds, kicking off on Monday 15 April and running until Friday 26 April. Activities have been designed to promote fun, hands-on learning about plants, people and the environment. Parents are encouraged to book early – spots will sell out! **Bookings essential for all Activities. Arrive 10 minutes early to check in.**

Please note, all children must be accompanied by a PARENT/CAREGIVER at all times. Book your child's place online at botanicgardens.sa.gov.au. For any enquiries telephone 08 8222 9311.

School Holiday Program

April 2019

w botanicgardens.sa.gov.au

p 08 8222 9311

Bookings essential. Small booking fee applies when booking on Eventbrite.

Please arrive 10 minutes early to check in.

Please note:

Activities are available to school-aged children only. Numbers per group are strictly limited. All children must be accompanied by a Parent/ Caregiver at all times.

Papermaking

(8-13 years) (1.5 hrs) \$30

Explore the process of papermaking with Tracy, as you transform recycled paper pulp into beautiful handmade stationery to take home. Once the core foundations (a simple 4 step routine) are mastered you can choose to make paper sheets, envelopes or hearts. Add some seeds to the paper so it will become a Seeded Card to plant after use. Choose your favourite colours to make your own marbled paper or add petals. Your paper stack will be pressed in the paper press ready for you to take home to dry.

Held in the Lecture Theatre of the Goodman Building at Adelaide Botanic Garden.

Autumn Colours Mobile Photography

(9-13 years) (1.5 hr) \$25

Capture Mount Lofty Botanic Garden's stunning autumn display on your own mobile device! Learn about mobile device photography skills, macro photography using a 30x lens attachment (provided), and how to edit your photos using mobile apps while exploring the beautiful Garden. Please bring your own tablet or mobile device. Participants are required to download the free App "Snapseed" to their device prior to the session.

Meet at the Chris Steele Scott Pavilion at Mount Lofty Botanic Garden (close to the lower carpark, access via Lampert Road).

Wilbur's Wildlife

(5-12 years) (1 hr) \$15

Meet a range of wildlife including snakes, lizards, insects, frogs and sugar gliders. Learn about the biology and habitat of some of the native animals. Let Cale show you how to hold and care for them and what you can do to help make sure their environment is safe from harm.

Meet at the Schomburgk Pavilion, Adelaide Botanic Garden.

Garden Critters

(6-12yrs) (1 hr) \$12

Create cute critters to take home using curious botanical bits. Combine leaves, sticks and googly eyes to bring your imagined creature to life! Due to use of hot glue guns during workshop, **parents/carers must work with their children at all times**; children under 6yrs cannot be admitted into the activity.

Held in the Lecture Theatre of the Goodman Building at Adelaide Botanic Garden.

Aboriginal Plant Use

(All ages) (1 hr) \$8.50

Join Indigenous storyteller, educator and guide Trent on an hour walk through the Australian Forest, investigating the traditional uses of trees and plants by Aboriginal people, and relating seasonal movements to the surroundings.

Meet inside the Friends' Gate, Plane Tree Drive, Adelaide Botanic Garden.

Storytime

(5-10 years) (45 min) \$8

Storyteller, Janet Leitch, will share folk tales and legends from around the world. The captivating tales she shares will lead you on imaginative journeys over mountains, through forests and jungles, and introduce you to the wonderful animals and characters that people these stories.

Meet at the Schomburgk Pavilion, Adelaide Botanic Garden.
