

Information about Children and Young People's Workshops SEND Information Day 2019

- These workshops will run at the same time as the parents' workshops:
Morning 11.10am - 12.35pm and Afternoon 1.25pm - 2.50pm.
- Each workshop will run twice – one will be for primary age children and one for secondary age children

Drama, singing/dance

A.M. Secondary age - Jade Cook Spectrum Community Arts

'Your Time To Shine'

Come and express yourself in an inclusive performing arts session that celebrates individuality through drama and song.

We will explore our strengths and build confidence through supported drama games, individual performing opportunities and a singing workshop that gives everyone the opportunity to shine.

P.M. Primary age - Inclusivity Dance. Join Donna from Inclusivity! for a fun dance workshop where you can show us your best moves and learn how to throw some new shapes!

Art and Craft Workshop

A.M. Secondary age

P.M. Primary age

Join Sam from Creative Mojo the leading arts provider to the care industry, in making your own dream catcher to take home. Feathers, beads and glitter all provided you just need to bring some dreams.

Forest Schools - The Parks Trust

A.M. Primary aged 7yrs and over.

P.M. Secondary age

Note this is an outdoor activity and parents will need to stay with their children if their child is likely to run off.

Children will be outside for the whole of the session and will need to wear warm layers and possibly waterproofs.

Wellies are also a good idea - children should wear two pairs of socks as wellies are cold footwear.

SEND Information Day 2019**

Football Skills

A.M. & P.M. for 4 – 8 yr olds

Join BOBiCats for a fun, friendly football skills workshop.
BOBiCats is organised by the Berks and Bucks football association and aim to inspire children with any disability to get involved in football.

T-Shirt Printing workshop

A.M. Primary age

P.M. Secondary age

Sew and Grow would like to invite you to take part in natural dyeing workshops.
We will explore which foods can be used to make beautiful colours, how they can be modified and make some "noise hammering" leaves and flowers for Hapa Zome!
(Leaf printing)
You will be able to make a T shirt to take home with you
