DR. ROBERT ANDA, CO-PRINCIPLE INVESTIGATOR WITH THE ACE STUDY

Dr. Anda has conducted research in a variety of areas including disease surveillance, behavioral health, mental health and disease, cardiovascular disease, and childhood determinants of health. After spending 20 years as a research medical officer in the U.S. Public Health Service, he is now a Senior Scientific Consultant to the Centers for Disease Control and Prevention (CDC) in Atlanta. He played the principal role in the design of the Adverse Childhood Experiences (ACE) Study and serves as its Co-Principal Investigator.

Findings from the ACE Study have been presented at Congressional Briefings and numerous conferences around the world. The ACE Study is being replicated in numerous countries by the World Health Organization (WHO) and is now being used to assess the childhood origins of health and social problems in more than 18 U.S. states.

DR. STEWART GORDON, COMMUNITY HEALTH SOLUTIONS LOUISIANA

Dr. Stewart Gordon joined CHS-LA in January 2012 as Chief Medical Officer. Prior to joining CHS-LA, Dr. Gordon was a practicing pediatrician for eighteen years at Earl K. Long (EKL) Medical Center. His pediatric practice was largely focused on providing services to the Medicaid and uninsured population. He was involved in medical student and pediatric resident education throughout his tenure at EKL. Dr. Gordon's areas of interest include early brain development / early childhood, child advocacy / children's public policy, juvenile justice reform, prevention of child abuse and neglect and prevention and treatment of childhood obesity.
