Morning Session 9:00 am to 12:00 noon

Regional Prevention Partnerships Team Building Opportunity

Have fun while increasing the sense of community within the RPP grantees and sub-grantees through a hands-on, facilitated sequence of team building activities. From name games to group challenges, there will be opportunities for networking, developing peer to peer contacts, learning new skills, building trust, and celebrating new connections. Spring board your networking to building relationship and a collaborative learning community. This is a “no sitting”, “get up and move” workshop so bring your creativity and positive attitude along with your prevention colleagues.

At the end of the morning activities, it is expected that you will have:

- A renewed sense of community;
- New peers you can call upon for help and support;
- An expanded network of prevention professionals;
- Examples of team building activities to take back to your community.

Who should attend?

This training is designed for the Vermont Department of Health Regional Prevention Partnerships (RPP) grantees and sub-grantees and district level VDH staff.

Afternoon Session 1:00 pm to 4:00 pm

Message Strategy for Community Education and Engagement in Prevention

Join your prevention colleagues and facilitator, Katie Titterton of Clear Spot Communication, for a three hour, interactive training to learn strategies to communicate prevention messages openly and honestly with diverse community audiences.

By the conclusion of the training participants will:

- Review prior communication experiences;
- Understand basic behavior change theories and storytelling techniques that can be tailored to audience and context;
- Apply these communications strategies to Regional Prevention Partnership messages.

Who should attend?

This training is designed for the Vermont Department of Health Regional Prevention Partnerships (RPP) grantees and sub-grantees, VDH staff, and community stakeholders.

Registration

This training is offered at **NO CHARGE** and is funded through a grant from the Vermont Department of Health, Alcohol and Drug Abuse Programs (ADAP).

Please indicate at registration if you are planning on attending the morning, afternoon or both sessions. Lunch will be provided for those attending both the morning and afternoon sessions only.
