Etched From Granite

Digital Stories of HIV
in New Hampshire

The Etched In Granite: Digital Stories of HIV in New Hampshire is a project that the State of New Hampshire, Department of Health and Human Services conducted earlier this year as part of a campaign to raise awareness of HIV/AIDS and reduce stigma in New Hampshire. Dartmouth-Hitchcock Medical Center is proud to present a select showing of the digital stories to be followed by a panel discussion with some of the storytellers on World AIDS Day, December 1, 2017.
