

Kevin Smith

Kevin Smith is Vice President of Product Management & Strategy for nThrive. In this role, Kevin leads the Patient Access Product Suite including the industry leading CarePricer and Charge Integrity product suite. In this role, Kevin is responsible for the full product life-cycle management of these solutions in the market.

Kevin joined nThrive in 2012, bringing 20 years of experience in product management, strategy, and technology to his role. Kevin has held positions at Intel, Dell, and most recently Fiserv before joining nThrive. These unique experiences at industry leading companies position Kevin to take on the challenges of health care industry. Specifically, his experience creating solutions for consumer interaction and shopping are relevant for the provider's journey towards consumerism.

Kevin received a bachelor's degree in Finance and MBA from Kelley School of Business at Indiana University. Kevin earned a Certified Revenue Cycle Representative designation from HFMA.
