

Hai Tran, Chief Operations and Financial Officer

Mr. Tran has over 20 years of experience as an executive with both public and private companies, focusing on building growth-oriented organizations. He contributed to the growth of the Home Infusion business at BioScrip, which yielded double-digit revenue growth during his tenure. He also has significant healthcare and technology experience. Prior to BioScrip, he served as Chief Financial Officer and Vice President International of Harris Healthcare Solutions, which is the healthcare subsidiary of Harris Corporation, a \$6 billion diversified technology company. From 2008 to 2011 he served as Chief Financial Officer of Catalyst Health Solutions, Inc., a publicly traded Pharmacy Benefits Management company. He also served as Vice President and Treasurer of Hanger Orthopedic Group, a public healthcare services, products, and distribution company, from 2006 to 2008. Mr. Tran holds a bachelor's degree in electrical engineering from the University of Virginia and a master's degree in business administration from the University of Richmond.
