What's in a Number?
Exploring Mathematics Conceptually
Grades TK-8

During this **one-day** workshop, participants will explore and experience mathematics conceptually, building a deeper understanding of how math works. We will begin our journey in the number system through the understanding of numbers and operations and make connections to algebraic thinking and progressions through the grade levels. Participants will have an opportunity to collaborate with peers on shifts in teaching and learning through the implementation of the common core state standards.

Audience: Administrators, Coaches, Teachers, & Paraprofessionals

Register Now!

<http://conceptualmath.eventbrite.com>

Cost: \$100 per participant

Handouts and Lunch will be served. • Space is limited, register early.

For registration assistance, please contact Gina Yetner:
