

September 19, 2017

Welcome!

You are invited to join the Latino Center for Health’s 2017 Fundraiser Breakfast, featuring keynote speaker María Hinojosa, as a community sponsor. Launched in April 2014, the Latino Center for Health (LCH) is the only research center in Washington state and the WWAMI region (Washington, Wyoming, Alaska, Montana, and Idaho) whose singular focus is on Latinx health. Funding generated at this event will sustain the Center’s small grant program for community-academic partnerships to address health inequities amongst Latinx populations, and graduate student travel grants to present work promoting Latinx health issues at national conferences. Your support of the Latino Center for Health is about more than research—it is an important investment in the well-being of a rapidly growing and often underserved community in our state.

We offer the following sponsorship levels to support this event:

#### **2017 LATINO CENTER FOR HEALTH FUNDRAISER BREAKFAST SPONSORSHIP LEVELS**

- PLATINUM (\$5,000) \_\_\_\_\_**
- GOLD (\$3,000) \_\_\_\_\_**
- SILVER (\$1,200) \_\_\_\_\_**
- BRONZE (\$500) \_\_\_\_\_**

Your community sponsorship will include varying levels of the following benefits:

- **Marketing promotion to over 2,000 individuals** in Washington state through online media and at the event, including logo and website link placement on direct email, the LCH website, in event program, signage at venue, and stage mention.
- **VIP access to event** with tickets for your organization/agency.

Our sponsors help us to bring together community leaders, service providers, researchers, elected officials, and government and public health officials to promote the health and well-being of Washington state’s growing Latino communities through innovative community engaged research, student and faculty training, and policy development. This intentionality to curb the health disparities facing the Latinx community in Washington state is what is needed to ultimately impact the health of our state as a whole.
