Water and Wastewater Treatment Equipment

Headworks

Lakeside Equipment: Raptor screens, grit removal, screw pumps
Purestream: Screw Screens, Mechanical Bar Screens, Comminutors
Nexom: EcoBELT Rotating Belt Filter

Biological Process

Alfa Laval (Ashbrook Simon-Hartley): SBRs, MBRs, Field Erect Plants
Purestream: Packaged Plants, SBRs, BESST System
Lakeside Equipment: Continuous Loop Reactor Oxidation Ditch
Raschig: Trickling Filter, MBBR, & IFAS Media
American Manufacturing: Recirculating Sand Filter
Clean Water Technologies: MBRs, MBBRs, UASB Anaerobic Reactors

Flocculation & Clarification

Lakeside Equipment: Spiraflo Circular Clarifiers
Komline-Sanderson: Dissolved Air Floatation
Dynamix Agitators: Flocculation Tank Mixers

Tertiary Treatment and Filtration

Alfa Laval (Ashbrook Simon-Hartley): ISO-disc cloth disk filters
Nexom: Ultra Low Level Phosphorus/Metals Removal, Denitrification, and Tertiary Sand Filters
Clean Water Technologies: GEM Gas Energy Mixing Floatation System
Jacobi Carbons: AquaSorb Activated Carbon Media for treatment of VOCs, PFCs, taste and odor
Layne: PTFE Membranes, MBRs, air strippers, and pressure filters for Iron and Manganese, VOC, Radionuclides, and Arsenic Removal
Orthos Liquid Systems: Filter Nozzles, Underdrains, & Systems
Purestream: Tertiary Sand Filters, Drum Filters
Yardney Water Filtration: Pressure media filters, GAC, iron and manganese removal, strainers & screens

Process Controls

Neemar: System Integration, SCADA, Instrumentation and Controls
ECHO Process Instrumentation: level transmitters, flow meters, level and flow switches, and pump controls
Virtual Polymer Compounds: flumes and weirs, metering manholes, FRP manhole frames and covers, fiberglass enclosures

Storage Tanks

Tank Connection: Bolted Steel Tanks, LIQ Fusion or Glass Lined coatings, Aluminum Covers
Daniel Company: FRP Storage Tanks
Nationwide Tank & Pipe: Above Ground & In Ground FRP Tanks

Chemical Feed

Lutz-JESCO: Solenoid & Motor Driven Diaphragm Pumps, Peristaltic Pumps, Polymer Feed Systems, Packaged Skid Systems, & Accessories

Aeration/Mixing

Continental: Multi-stage Centrifugal blowers
Robuschi by Gardner Denver: Tri-lobe PD blowers, Screw blowers, high efficient permanent magnet drive blowers
Lakeside Equipment: Magna Rotor Surface Aerators
MGD Process: Self Aspirating Mixing/Aeration
Aerator Solutions: ECOJET Floating Aerators and Mixers
Dynamix Agitators: Vertical entry mixers for chemical & process tanks

Disinfection

Glasco UV: NONCON, Vertical, Horizontal and Chambered UV systems
UV Pure: Low-flow non-contact UV systems
Hydrogeron: On-site sodium hypochlorite generation

Biosolids and Sludge Handling

Komline-Sanderson: Sludge Thickening, Dewatering, & Drying
GEA Westfalia: Decanter Centrifuge Sludge Dewatering
Somat: Sludge Dewatering & Thickening
PCM Pump: Progressive Cavity Sludge and Cake Pumps

Lagoons/Ponds

RW Solutions: High Volume Floating Aerators
Lasaire: Fine bubble tube aeration
Nexom: SAGR – cold water nitrification and denitrification, OPTAER – lagoon aeration and treatment system
Industrial and Environmental Concepts: liners and covers
Sonic Solutions: Algae Control

On-Site Discharge

American Manufacturing: Drip Dispersal Systems and Controls

Pumps and Pump Stations

RW Solutions: F.O.G. & Odor Control
Purestream: Packaged Pump Stations and Controls
Lakeside Equipment: Screw Pumps
Komline-Sanderson: Plunger Pumps for Sludges and Slurries

Odor Control

Daniel Company: Activated Carbon and Biological Systems, FRP covers
Jacobi Carbons: EcoSorb Activated Carbon Media
Aerisa: Bi-Polar Ionization Odor and Corrosion Control
