Dear Colleagues and Friends

I welcome you all to Hammersmith Hospital. Please consider this as a personal request to attend the BLPG autumn meeting on 9<sup>th</sup> November 2016.

Based on the feedback we have had, I have abridged the autumn meeting to a one-day meeting. Summer meetings could be longer (1 ½ to 2 days). We will see how this pans out.

I have modified the format a bit to accommodate increased participation from BLPG members and to bring an academic touch.

I would like members to bring in their academic work of any form (case series, clinical studies, translational research studies or even basic research studies) as small posters. Please send in a small abstract so that we know how many would be discussed and to organise them in to different sessions. These should be sent to our secretary, Dr Stefan Dojcinov ([dojcinov@cf.ac.uk](mailto:dojcinov@cf.ac.uk)).

I would also want members to send us case presentations captured in not more than 7 slides on the two topics mentioned. If there are many the best among them will be selected.

**Those willing to present, could you please select the appropriate choices with your online ticket booking.**

I would also want members who attended EAHP meeting in September to volunteer for presenting key highlights from the meeting. Based on the volunteers, we will organise the topics. Please contact Stefan or myself to express your interest.

I look forward to hearing from you all.

Regards

Naresh
