Emerging Trends and Technologies:
AI, Big Data, and The Internet of Things

RESEARCH, INNOVATION & COMMERCIALISATION WORKSHOP 2019

March 5 | MacBride Museum | 6:45-10pm

Kickoff reception and Keynote by Robin Winsor (President and CEO, Cybera)
Robin Winsor of Cybera is a technology leader and entrepreneur who has led several organizations from start-up and growth to international success. He has worked in both the commercial and non-profit sectors, specializing at the crossroads where information technology is applied to traditional sectors such as oil and gas and health.

RESEARCH, INNOVATION & COMMERCIALISATION WORKSHOP 2019

March 7 | MacBride Museum

9-9:30am	Morning snacks and coffee
9:30-9:45am	Opening Remarks
9:45-10:45am	Jayden Soroka | *Founder, Outpost 31*

The Potential of Virtual Worlds
With almost two decades of experience, he may have taken the road less traveled and became perhaps the only animator, 3D artist, digital technologist and VR/360 content producer in the territories. An Alumni of the Banff Centre for Arts and Creativity, Jayden now brings his proficiency for digital creativity and exploration to Outpost 31 - thriving in digital media and pushing the boundaries of what has ever been done North of 60.

10:50-11:50am	Brian James | *Senior IT Consultant, Make IT*

Cybersecurity

11:50-12pm	Closing Remarks
