DEVELOPING TOMORROW'S LEADERS TODAY

THE WORLD OF WORK IS CHANGING... ARE YOU?

Accelerate ME - An innovative seminar on the future of work, its impact on you and the tools you'll need to stay ahead.

Across Europe, and specifically in the UK, we are seeing unprecedented change in the work environment. As companies adapt their strategies and business footprint to address the challenges and opportunities created by regulatory, economic and geo-political shifts, we are experiencing an increasing impact on people.

Jobs are changing and moving; Careers are no longer defined by tenure, or traditional hierarchies.

While companies are looking for more agile talent and resource models, individuals are taking greater control over what, where and when they work. Things are changing, are you?

A new paradigm requires a new perspective, so we are pleased to launch **now.next.you**, an innovative and timely way to future proof your career. Don't miss this chance to attend our inaugural event in London, giving you the first opportunity to be part of this game changing career development opportunity.

Join the conversation, explore ideas, collect tips and techniques and stay for drinks, canapés and networking.

A special shout out to all HPC Global alumni. Let's reconnect and take your skills to the next level. *(Discounts apply)*

- Discover the now.next.you **2-day Accelerate** and **5-day Immersion** programs

Who should attend?

- Business leaders and senior managers
- Professionals and technical specialists
- Ambitious young professionals
- HR and L&D partners
- Professionals currently in career transition

YOUR FACILITATORS:

Recently launched, **now.next.you** is a collaboration between HPC Global, a leading corporate development provider and Carole Berndt, a leading global banker, now operating independently.

Over the past decade, we have created and delivered skills-based personal and professional development programs for organisations spanning small start-ups to large multinational corporates with a focus on creating positive momentum, employee engagement and transformational change.

Our work has taken us around the world from India to Brazil and every major global financial hub in between including Hong Kong, Shanghai, Singapore, Mumbai, London and New York.
