10th Annual Summit & Trade Show

Renaissance Phoenix Glendale Hotel & Spa, Glendale, Arizona | October 30 - 31, 2017

The Power of Fully Informed Health

Health Current, formerly Arizona Health-e Connection, one of the nation's fastest growing health information exchanges (HIEs), today fully integrates both physical and behavioral health information and offers a suite of services designed to provide automated and easily accessible information for integration into clinical decision making and patient care workflows. More importantly, Arizona's HIE includes participation across the spectrum, from first responders, reference labs, hospitals, community providers and behavioral health providers to long-term care facilities, home care and hospice providers - one secure connection links healthcare and health information together.

Arizona's HIE enables more informed clinical decisions and better care coordination by integrated care teams, the essential transformation of care required for successful participation in value-based healthcare. The 10th Annual Summit & Trade Show will feature presentations, discussions and breakout sessions on how health information, innovative solutions and one-connection technology can achieve the triple aim of improved care, improved outcomes and lower costs.

Innovative Technology, Services & Solutions

A key feature of the 10th Annual Summit & Trade Show will be dedicated breakout sessions each day featuring business and technology solutions providers. These sessions will provide an opportunity for attendees to see presentations and demonstrations of innovative technology and services that can help providers be successful in value-based healthcare.

Sponsorship Opportunities

This event is expected to attract approximately 300 healthcare and health IT professionals each year, and about 30 percent of Summit attendees each year are C-Suite decision-makers.
