

ICPA

FRANKFURT GERMANY

2018 International Conference
on Postal Automation

2018 PROGRAM

Three days, 35 papers, and more than 20 international posts with a common purpose – sharing the most exciting advances in postal automation, as posts around the Globe shift to a parcel-centred business. Experts will share leading innovations in robotics, parcel processing, and international products, just to name a few. Be part of the ICPA 2018 in Frankfurt. It's where postal specialists connect. Spend three days at the Radisson Blu for presentations, discussions, and networking, and join us on a guided tour of the largest parcel centre in Germany.

See inside for the detailed conference program.

What to expect at ICPA 2018

The ICPA attracts professionals from postal administrations around the world. Our speakers will share cutting edge initiatives in postal automation, as well as their experience and knowledge on issues affecting our industry.

The agenda includes papers that focus on:

- Advancing robotics
- Modifying processing to meet changing needs
- International packet and parcel product processing
- Using data to improve operations and create customer value
