Communications in Dementia Care

Nothing is more challenging in dementia care than effective communication.

Have you had trouble to get a loved one to a screening, or aren't sure how to convince them to give up driving?

Join us for two hands-on, skill-focused workshops with internationally recognized dementia care expert Teepa Snow. Teepa teaches practical, effective skills that you will be able to utilize immediately to better care for your loved one.

Helping Families, Professionals & Outsiders Understand How to Help More Effectively

Learn with Teepa to

-  Help family members near or far recognize symptoms, move past denial, and get support for the primary caregiver and the person living with dementia
-  Help professionals do a better job through direct conversations and more subtle support
-  Help friends and neighbors maintain or regain relationships when dementia is changing a person's abilities

Thursday, Nov.19th, 2015, 9am-12pm

Tickets:

Early registration: \$35 per person
 At the door: \$45 per person
 Incl. light breakfast & 3 CEUs*

Speaking with the Person Living with Dementia – in Early Days or with Early Symptoms
