

Wildlife Food Plot Field Day

Come visit the local testing of food plot materials, management, and temporary deterrents. We'll discuss all of this as part of a **holistic approach to managing habitat for game species**. There will also be opportunities to hear about cost share assistance, learn how to age deer, identify native plants valuable for game species, and get your antlers scored according to the Florida Buck Registry. Lunch and door prizes included!

Saturday, 9 March 2013 (rain or shine) 9 am-4 pm

North Florida Research & Education Center, 155 Research Rd, Quincy, FL

Event cost is \$10 and pre-registration is required by noon on Friday March 8

To pre-register online, go to <http://nfrefoodplot.eventbrite.com/#>

To pre-register by phone, call 850-875-7100
