

Optimizing Neurologic Rehabilitation Outcomes: Pushing Practice Forward

In compliance with the requirements for Continuing Education concerning transparency in course planning, delivery and marketing, below is information on presenters' financial and non-financial interests and unlabeled/investigational uses of products or devices relevant to the content of their presentation.

SPEAKER	SESSION	FINANCIAL	NON-FINANCIAL	UNLABELED/ INVESTIGATIONAL
Leonardo Cohen, MD	Keynote: Impact of Neuromodulation on Motor Learning in Neurorehabilitation	Received Honorarium	None	None
John Whyte, MD	General Session: Toward a Rehabilitation Treatment Taxonomy: Defining the Active Ingredients of Rehabilitation	Salaried MossRehab/Einstein employee	None	No specific products – the talk concerns how to define treatments whether approved or unapproved.
Ruth Lefton, MHSA	General Session: Post-Acute Payment Reform: A Focus on the Delivery of Value Based Care	Salaried MossRehab/Einstein employee	None	None
Alberto Esquenazi, MD	General Session: Technology in Rehabilitation: Today and Tomorrow	Salaried MossRehab/Einstein employee	None	Some devices are not yet approved in the USA by the FDA.
Thomas Smith, OTR/L, MBA	Process Improvement and Quality Indicators: Preparing for Outcome Based Reimbursement	Salaried MossRehab/Einstein employee	None	None
Shailesh Kantak, PhD, PT	Dosing in Rehabilitation: What are the Necessary Ingredients?	Salaried MossRehab/Einstein employee	None	Will include discussion of unapproved or investigational use of products or devices.
Laurel Buxbaum, PsyD, Matthieu de Wit, PhD, Tamer Soliman, PhD	Your Body in My Brain: Mirror Neurons, Action Prediction, and Body Representations in Rehabilitation	Salaried MossRehab/Einstein employees	None	None
Julie Hensler-Cullen, RN, MSN, Beth Jacobs, RN, CCM, CRRN, Denise Griffin-Stevenson, RN, BSN, CRRN, Lisa Magee, RN, CRRN	Round Table Discussion: The Process of Performance Improvement Related to Quality Measures	Salaried MossRehab/Einstein employees	None	None
Joseph Padova, OTR/L	Application of Upper Extremity Rehabilitation Using Robotics	Salaried MossRehab/Einstein employee	None	None
Steven Jax, PhD	Mirror Therapy in Neurorehabilitation	Salaried MossRehab/Einstein employee	None	None

Margaret Seminara, RN, NEO-BC, MHA, NHA	Building the Care Continuum: Facilitating Team Communication	Salaried MossRehab/Einstein employee	None	None
Matthew Vnenchak, PT, MS, NCS	Robotic Gait Training in Neurorehabilitation	Salaried MossRehab/Einstein employee	None	None
Leonard Kamen, DO	Chronic Pain and Central Sensitization	<ul style="list-style-type: none"> Salaried MossRehab/Einstein employee DepoMed Speaker's Bureau Allergan Speaker's Bureau Purdue Speaker's Bureau 	<ul style="list-style-type: none"> AOCPMR Board Member Greater Philadelphia Pain Society speaker 	There are no current medications approved for "Central Pain". Evidenced based reports on available meds/ treatment may be included.
Thomas Strax, MD	Keynote Speaker: Consumer, Advocate, Provider: Searching for the Promised Land	None	None	None
John Detre, MD	General Session: Emerging Neuroimaging Technologies	Received Honorarium	None	Non-FDA approved MRI methods.
Mary Ann Keenan, MD	The Role of Orthopedic surgery in Neurologic Populations	Received Honorarium	None	None
Tessa Hart, PhD	Using Technology to Support Cognition and Emotional Well-Being	Salaried MossRehab/Einstein employee	None	None
Thomas Watanabe, MD	Current Concepts in the Diagnosis and Early Management of Mild TBIs	Salaried MossRehab/Einstein employee	None	May refer to off-label use of medications.
Michael Saulino, MD, PhD	Economic Impact of Spasticity and Its Treatment	<ul style="list-style-type: none"> Salaried MossRehab/Einstein employee Medtronic & Jazz Pharmaceuticals Speaker's Bureau SPR Therapeutics Consultant Received grants from Medtronic, Mallinckrodt, Jazz Pharmaceuticals 	North American Neuromodulation Society Board of Directors	Off label use of medications and devices for spasticity management.

Roberta Brooks, MA, CCC-SLP, CBIS	Communication Technology for Individuals with Communication Impairment – Use of Personal Devices	Salaried MossRehab/Einstein employee	None	None
Amanda Rabinowitz, PhD	Similarities and Differences Between Sports and Non-Sports Injuries	Salaried MossRehab/Einstein employee	None	None
Nathaniel Mayer, MD	Let Me Hand It To You: The Upper Motor Neuron Hand	<ul style="list-style-type: none"> • Salaried MossRehab/Einstein employee • Received grant Allergan, Inc. • Principal Investigator Allergan clinical trial 	None	None
Amanda Quinque, MS, OTR/L	Using Bluetooth to Facilitate Single Switch Access in the Tetraplegic Population	Salaried MossRehab/Einstein employee	None	None
Max Shmidheiser, PsyD, ABPP-CN	After Concussion: Impact of Multiple Injuries and Long-term Consequences	Salaried MossRehab/Einstein employee	None	None
