

## Saturday October 21, 2017

8:30 am **Registration & Continental Breakfast**

### Morning Program: Upper Limb Function

9:00 am **Consequences of the Upper Motor Neuron Syndrome in the Upper Extremity**

Diane Hunt, OT, CHT

10:00 am **Taking the Mystery out of Orthotic Interventions for the Neurologic Hand**

Mary O'Connor, OT, CHT and Diane Hunt, OT, CHT

11:00 am **Upper Limb Robot-Assisted Therapy**

Joseph Padova, OTR/L and Jaun May, MOT, OTR/L

12:00 pm **Lunch on your own**

### Afternoon Program: Considerations for Treatments to Increase Participation Roles Post Stroke

1:00 pm **Role Changes Due to Cognitive and Perceptual Deficits**

Mary Ferraro, PhD, OTR/L

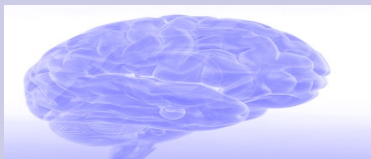

1:30 pm **Evidence-based Management of Field Loss and spatial Neglect**

Stephen Whittaker, PhD, OTR/L, CLVT, SCLV

2:30 pm **The Importance of Peer Support for Post-Stroke Recovery**

Melissa Meyers, OTD, OTR/L and Kristin Beltz, OTR/L

3:30 pm **Conclusion and Course Evaluations**

**Contact hours:** 5.5 **CEUs:** 0.55

**Cost: \$150.00:** cost includes electronic handouts and continental breakfast.

**NOTE:** In order to receive the handouts, please confirm that your email address is correct.

## Considerations for OT Interventions in the Management of Chronic Stroke

### Course Description

This intermediate level course will address occupational therapy management of individuals who have sustained a stroke and are beyond acute rehab. Topics highly relevant to the stroke population will enable a therapist working in outpatient services or home care to complete a more comprehensive assessment and develop effective treatment strategies in order to optimize patient outcomes.

**Intended Audience:** Occupational Therapists and Occupational Therapist Assistants

### LEARNING OBJECTIVES:

After attending this conference the participants will be able to:

1. Integrate and apply current evidence on the evaluation and management of the upper motor neuron syndrome, including interventions with orthotics and robotics.
2. Demonstrate functional visual field testing for impaired visual fields and oculomotor dysfunction and describe interventions for field loss, perceptual dysfunction and spatial neglect.
3. Discuss the process of adjustment for individuals with stroke whose roles in the home and community have been altered by physical and cognitive changes

MossRehab is an approved provider of AOTA continuing education. This course is offered for 0.55 CEUs. The assignment of AOTA CEUs does not imply endorsement of specific course content, products, or clinical procedures by AOTA. **Content Focus:** Domain of OT: Client Factors and Performance Patterns; Occupational Therapy Process: Evaluation and Intervention.

#### Completion of Course statement:

Satisfactory completion of the continuing education units consists of full attendance with monitored sign in and sign out forms plus completion of a course feedback form that includes self assessment of learning outcomes.

#### Conflict of Interest statement:

Faculty and all others who have the ability to control the content of continuing education activities sponsored by MossRehab/ Einstein are expected to disclose to the audience whether they do or do not have any real or apparent conflict (s) of interest or other relationships related to the content of their presentation (s). No presenter or planner of this conference has a conflict of interest.

### REGISTRATION

#### FAX THIS FORM

To Sheila Wallace at 215-663-6984 or register online at [www.mossrehab.com/continuingeducation](http://www.mossrehab.com/continuingeducation) by October 18, 2017

\_\_\_\_ Yes, I will attend *Considerations for OT Interventions in the Management of Chronic Stroke*

\_\_\_\_ No, I cannot attend but am interested in similar events. Please contact me for future MossRehab educational conferences.
