Comprehensive Physical Therapy Management of the Individual following Traumatic Brain Injury

This 1.5 day intermediate level course will cover the continuum of physical therapy care for adults following a Traumatic Brain Injury (TBI). Evaluation strategies and interventions specific to this population and common comorbidities will be considered. Video case presentations will guide discussion of the principles of evaluation, treatment planning, prescription, and advancement in low, moderate and high functioning patients with traumatic brain injury. The use of medical and functional outcome tools will be reviewed for this population. Special topics related to vision, behavior, learning and cognition, movement disorders, and the pediatric client will be addressed on Day 2. Clinicians treating individuals with TBI across the continuum of care will gain new insights and strategies for managing this challenging population.

Course Objectives

After attending this conference the participants will be able to:

1. Describe the etiology and pathophysiology underlying TBI
2. Develop a framework for physical therapy examination for patients with TBI
3. Identify 3 common medical complications and comorbidities in individuals with TBI, and discuss how they impact treatment planning.
4. Discuss the principles and practices of evidence-guided treatment for functions and activities of individuals with TBI.
5. Apply examination findings to optimize treatment planning and goal setting.

Comprehensive Physical Therapy Management of the Individual following Traumatic Brain Injury

Intended Audience

Physical Therapists and Physical Therapy Assistants

Patient Population

Adults with Traumatic Brain Injury

Cost: \$125.00

The cost of the course includes attendance, electronic handouts and continental breakfast on Saturday and Sunday. Lunch is on your own.

Inclement Weather Alternate Date:

March 5 and 6, 2016

Conflict of Interest statement:

Faculty and all others who have the ability to control the content of continuing education activities sponsored by MossRehab/ Einstein are expected to disclose to the audience whether they do or do not have any real or apparent conflict (s) of interest or other relationships related to the content of their presentation (s). The presenters and planners of this course are all employees of MossRehab.

REGISTRATION

Due by: February 21, 2016

You may register in any of the following ways:

ONLINE

Go to www.mossrehabconference.com

MAIL THIS FORM to

Sheila Wallace
MossRehab, Room 303
60 Township Line Road, Elkins Park, PA 19027

FAX THIS FORM to

To Sheila Wallace at **215-663-6984**

____ Yes, I will attend Comprehensive Physical Therapy Management of the Individual following Traumatic Brain Injury

____ No, I cannot attend but am interested in similar events. Please contact me for future MossRehab educational conferences.
