About St Mark's

St Mark's is a high performing Catholic school in Hounslow, West London. Our technology status has enabled us to embrace e-learning across the school resulting in gaining the ICT Mark.

Show and Tell events

These main events, run from 15:30 – 17:00pm, are designed to be a celebration of sharing good practice with the MLE. There may be other schools presenting their use of implementing Fronter. If you would like to present, please contact us.

St Mark's Catholic School

Fronter Workshops

2011/2012
INSET Guide

'Developing learning and teaching
through technology'

Dear Colleagues,

Welcome to St Mark's Catholic School in Hounslow and to our Fronter workshop programme for 2011/2012.

We have recently been awarded the 'London MLE Champion' status and as part of this have developed a programme that will enable good practice to be shared across schools.

All Workshops, unless specified, are aimed at both Primary and Secondary. They are drop in, however it would be good to let us know in advance of your attendance. We aim to offer an introduction to a wide range of areas, but if you have any you wish us to add then please contact us.

If you would also like to present at any of these events then we would very much welcome your input.

If you have any questions regarding the workshops and Fronter or wish to book a place onto them then please feel free to contact us: -
