Student Art Curator Program

A great opportunity for **HIGH SCHOOL STUDENTS** with a keen interest in art and art related careers. You could be part of an intensive 10-week program gaining behind-the-scenes gallery experience, exploring a variety of art disciplines such as sculpture, printmaking, drawing, painting and more. You will create your own unique masterpieces, curate and install an art exhibit using industry standards. This program can help you make informed decisions about your **postsecondary education** in the arts.

All art instruction will be provided by local artists from the AGB. FREE program, registration mandatory.

By popular demand, we've added more spots. Program starts Monday October 3rd. Don't miss the opportunity. Registrations accepted up until **Sunday October 16, 2016**. Register NOW!
