

Scotland Roadshow 2018

22 March 2018 | Cumbernauld, Scotland

Event Details

This event will be held at Westerwood Hotel & Golf Resort near Glasgow.

OWL Roadshows (Optimised Waste & Logistics) are fast becoming the go-to events for both public sector and private fleet operators. The popular events are designed to help operators learn about the benefits of the latest vehicle technology that's available specifically for the waste, transport and logistics industries.

An exhibition of "best in class" suppliers and vehicle demonstrations will run in conjunction.

Reduce
your costs

your resources

Reduce your
carbon footprint

Protect your
workforce

Scotland Roadshow 2018

22 March | Cumbernauld, Scotland

Who Should Attend?

Anyone responsible for procuring or operating heavy goods vehicles including procurement, fleet and operational professions.

Why Attend?

Learn about the latest developments in vehicle technologies, EU legislation and FORS plus meet "best in class" industry suppliers and test the very latest vehicles and safety systems. This CIWM endorsed event is also a great networking opportunity.

Event Format & Speakers

The event will open at 9am for registrations and a chance to view exhibitors' stands. At intervals between 10am and 3pm there will be a range of topical talks by industry-leading experts. Regular refreshment breaks will allow you to visit exhibition stands and to see vehicle demonstrations. The day finishes with a prize draw.

Topics and Speakers

Event Chair

Nicki Souter, CIWM

Why OWL? How does it benefit the end user?

Jason Airey, CMS SupaTrak

Commercialisation of Services

Ian Bourton,
Oxford City Council

Andrew Drewary,
Broadspire Insurance

Plus other topics, such as The Future of Electric Vehicles, CPC and Driver Training

Optimised Waste & Logistics (OWL)

is a partnership initiative developed to provide fully integrated technology for the waste, transport and logistics industries. The individual OWL partners are all specialists in their fields and already successfully supply stand-alone products. But by working in partnership with each other, and with professional organisations such as FORS, CILT and CIWM, OWL is leading the way in both the development of fully-integrated solutions and driving up standards of safety and compliance.

CILT award CPD hours for attendance at OWL events

CMS SupaTrak manage the OWL Partnership on behalf of the OWL partners.

Register for this event for free at: www.owl-scotland.eventbrite.co.uk or visit www.supatrak.com/owl for more info about other OWL events.
