

Postpartum Support International 2012 Meeting Sponsorship Opportunity

Hello and Greetings from Postpartum Support International (PSI)! We are excited about our upcoming 2012 PSI Meeting on June 27 -30, 2012 at the Orleans Hotel & Arena in Las Vegas Nevada. We would love to have your participation as a sponsor for this event. Sponsorships can be in support of a specific event activity, or can be integrated into the entire 4-day long meeting. Our trainings at this event provide information and resources to our audience of health care, mental health, public health, and childbirth professionals serving pregnant and postpartum families. The four days of our PSI 2012 Meeting include our PSI Perinatal Mood & Anxiety Disorders Certificate Training, PSI Social Support Skills Training, special workshop on supporting Latina Moms and Families, PSI Volunteers Meeting, the unique day-long Perinatal Psychiatry Seminar, and Friday night reception and dinner.

Postpartum Support International, www.postpartum.net, founded in 1987, offers professional education about Perinatal Mood and Anxiety Disorders (mental health disorders during pregnancy and postpartum) and support services for families across the US and in 36 foreign countries. Our evidence-based trainings and annual conferences have grown each year, receiving excellent evaluations and bringing together hundreds of providers, educators, families, and volunteers to learn from experts in the field of perinatal mental health.

PSI core services include a toll-free telephone support line (1-800-944-4PPD) free weekly Chat with an Expert for moms, a monthly Chat with an Expert for Dads, monthly chat with The Founder to discuss developing social support networks, an extensive website, social media communication, community referrals providers specializing in PMADs, free support groups, scholarships and small grant funds, in-service trainings and conferences for health care providers. Postpartum Support International has more than 140 volunteers in the United States and 40 in other countries who provide families with dedicated, informed, and compassionate support and specialized resources in their communities.

We are reaching out to you to join us in this valuable undertaking by becoming a sponsor. Sponsorships enable us to expand our ability to train more volunteers and providers, continue our telephone support line in English and Spanish, translate more materials to other languages, and continue to provide direct family services and educational outreach. Becoming a sponsor of this PSI event brings you a unique opportunity to highlight your organization while supporting families and the health care community that serves them.

Please consider one of the options listed below as a way of joining in partnership to help make this meeting a success! You can find more information about the PSI training agendas at this link.
