

CREATING SAFE SCHOOLS:

Working with same sex attracted and gender diverse students

As part of PrideFEST 2015, Curtin University and Safe Schools Coalition WA are pleased to offer a seminar on working with same sex attracted and gender diverse young people in schools.

Join us for afternoon tea followed by a fun, stimulating and interactive workshop! This seminar will assist school staff to feel more comfortable and knowledgeable when working with same sex attracted and gender diverse young people in the classroom and wider school environment.

This workshop is targeted at a range of school staff including teachers, school health nurses and school psychologists.

More information about the Safe Schools Coalition Australia can be found on their website:
